KEY SKILLS

DES Simulation | Dynamic Programming | Tableau | R | Python | SQL | Web scraping | Active Listening

WORK EXPERIENCE

WOODLANDSHEALTH PTE. LTD.

Data Analyst

Oct 23 – Present

Resource Management Solution for Radiology, Laboratory, OT services

- Reduced communication error by 30% by leading the data definition management of 30 key operational and clinical indicators based on SME's input, results in 2 data-driven resource utilisation's intervention development.

Ambulatory Enterprise's Business Intelligence Solution Project

- Surfaced department's operational strength and bottleneck by simplifying ~22 clinical department's appointment performance into 4 clusters using SWOT framework.
- Boosted productivity by 48 folds (48hrs to 1hr) by orchestrating 7 types of complex data structure into one-click refreshable Tableau dashboard for more 30+ users.

Mass Casualty Exercise (Kingfisher) Simulation-based Analysis

- Partnering with ED leadership to re-engineer patient pathways and validate new workplans through DES modelling.

RESEARCH REHABILITATION INSTITUTE OF SINGAPORE

Jul 21 – Jul 23

Research Associate

Sensor-Aided Key Rig for Hand Function Measurement: A Proof-of-Concept Study (Publication: [link](#))

- Teamed with occupational therapist and robotic engineer to strategize project roadmap and bring to table a robust and methodologically sound research study.
- Automated data wrangling process with 33% time improvement via setting up pipeline to segment and visualise unstructured kinetic data using self-taught R language. ([link](#))

MAKINO ASIA PTE. LTD.

Jul 16 – Jul 20

R&D Engineer

Statistical Analysis for Auto Measuring System for Japan and China Manufacturing Solution

- Contributed to global marketing strategy by applying statistical know-how on a self-design probe, proven to achieve stack-up repeatability within $\pm 2\mu\text{m}$ at 3σ .
- Delivered 30% cost reduction by reframing the design problem statement, re-engineer the process and verified solution with Finite Element Analysis Simulation.

EDUCATION

National University of Singapore (NUS)

Aug 19 – Dec 20

M.Sc. in Operation Research, CGAP 3.85/5.0

Skills: Statistics, Cost-Benefit Analysis, Decision Analysis, Applied Forecasting, Supply Chain Modelling

Nanyang Technological University (NTU)

Aug 12 – May 16

B.Eng in Mechanical Engineering, Design Specialization, First Class Honour, CGPA 4.58/5.0

- Final Year Project 'PictoBot' graded A+, featured in [media](#).

Skills: Design Thinking, Problem Solving, Literature Review, Project Scoping

OTHER EXPERIENCE

Organizer | Corporate Social Responsibility, Makino Asia Pte Ltd

Jul 17 – Jul 20

- Achieved 20% single-use plastic waste reduction within company by initiating new "Green Takeaway" experiential campaign, promoted employee's awareness of waste minimisation lifestyle.

ADDITIONAL INFORMATION

- Fluent in English and Mandarin; Intermediate in Malay (both spoken and written).
